Osteoarthritis and Cartilage

OARSi gratefully acknowledges support to defer, in part, the cost of publishing the Clinical Trial Guidelines from:

Abbie, BioClinica, Boston Imaging Core Lab, Flexion

Volume 23, Number 5 May 2015

Osteoarthritis Research Society International Initiative on Recommendations for Conducting Clinical Trials in Osteoarthritis: Overview

J. M. Jordan and Y. Henrotin

671

An abbreviated regulatory guide to the clinical requirements for development of therapeutics in osteoarthritis

L. S. Simon

674

Key analytic considerations in design and analysis of randomized controlled trials in osteoarthritis

E. Losina, J. Ranstam, J. E. Collins, T. J. Schnitzer and J. N. Katz

677

Recommendations for soluble biomarker assessments in osteoarthritis clinical trials

V. B. Kraus, F. J. Bianco, M. Englund, Y. Henrotin, L. S. Lohmander, E. Losina, P. Onnerfjord and S. Persiani

686

OARSI clinical trials recommendations for knee osteoarthritis imaging

698

OARSI clinical trials recommendations for hip imaging in osteoarthritis

716

OARSI clinical trials recommendations for hand imaging

732

OARSI recommendations for the design, conduct, and reporting of clinical trials for knee osteoarthritis

747

Recommendations for clinical trials of hip OA

N. E. Lane, M. C. Hochberg, M. C. Nevitt, L. S. Simon, A. E. Nelson, M. Doherty, Y. Herontin and K. Fleischhenar

761

Publication information

Osteoarthritis and Cartilage (ISSN: 1063-4584) is published monthly by Elsevier Ltd, on behalf of the Osteoarthritis Research Society International (OARSI).

Subscription prices

Subscription prices are as follows:

- Individual rate, $294; institutional rate, $822.

OARSI membership

All past members receive a Journal subscription as part of their membership fee. For details on how to join the OARSI mailing list, visit www.oarsi.org.

Copyright © 2015 Osteoarthritis Research Society International. Published by Elsevier Ltd. All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form or by any means, electronic or otherwise, without the prior written permission of the Publisher. Special regulations for readers in the USA: The Journal has been registered with the Copyright Clearance Center Inc. This appearance of the code at the bottom of the first page of each article indicates the copyright owner's consent that copies of the article may be made for personal or internal use, or for the personal or internal use of specific clients in the USA. Consent is given on the condition, within the USA, that the copier pay the per-copy fee through the Copyright Clearance Center, for copying beyond that permitted by Sections 107 or 108 of the US Copyright Law. The appropriate fee should be forwarded with a copy of the first page of the article to the Copyright Clearance Center Inc., 222 Rosewood Drive, Danvers, MA 01923. If no code appears in the article, the author has not given broad consent to copy and permission must be obtained directly from the author. This consent does not extend to other kinds of copying for general distribution, for advertising or promotional purposes, for creating new collective works, for resale or for copying or distributing copies outside the USA. Special written permission must be obtained from the Publisher for such copying.

Permission to reproduce
Correspondence regarding permission to reprint all or part of any article published in this journal should be addressed to the Journals Permission Department at the Publishers' offices.

Disclaimer
The authors, editors, owners and publishers do not accept responsibility for any loss or damage arising from actions or decisions based on information contained in this publication; ultimate responsibility for the treatment of patients and interpretation of published material lies with the medical practitioners. The opinions expressed are those of the authors.

Language (usage and editing services)
Please write your text in good English (American or British usage is accepted, but not a mixture of these). Authors who feel their English language manuscript may require editing to eliminate possible grammatical or spelling errors and to conform to correct scientific English may wish to use the English Language Editing service available from Elsevier’s WebShop: http://www.webshop.elsevier.com/linguisticsediting/ or visit our customer support site: http://support.elsevier.com for more information.

Illustration services
Elsevier’s WebShop: http://www.webshop.elsevier.com/illustrationservices) offers Illustration Services to authors preparing to submit a manuscript but concerned about the quality of the images accompanying their article. Elsevier’s expert illustrators can produce scientific, technical and medical-style images, as well as a full range of charts, tables and graphs. Image ‘polishing’ is also available, where our illustrators take your image(s) and improve them to a professional standard. Please visit the website to find out more.

©The paper used in this publication meets the requirements of ANSI/ISO Z39.48-1992 (Permanence of Paper). For more information re ‘Permanence of Paper’ and an example of the symbol used to show compliance with this standard you are referred to http://www.niso.org/standards/resources/Z39-48.pdf
